**INSTRUCTIONS**

1. There must be kept three original sets of tally sheets. (Sec. 65.004)
2. Each tally sheet must include:  
 name and offices of candidates  
 date of election  
 precinct number  
 type of election  
 name of presiding judge  
 signature of person keeping the tally sheet
3. Periodically, the tally sheets must be compared for any errors or discrepancies, and if they are found, the ballots, must be recounted and the necessary corrections made.
4. In all elections where straight party voting is allowed, it is necessary to list the name of each political party under the column for candidates. A straight party vote is one in which the party box is marked and other individual boxes for candidates for other parties are marked. Count a straight ticket allot by tallying for the political party receiving the vote instead of tallying for each candidate of that political party. (See below)  
 After all ballots are counted and the election judge is making out the returns, he adds the total number of straight party votes to the total for each candidate of that political party. (Sec. 65.007)
5. A ballot on which the party box is marked but individual boxes for other candidates are marked is not considered a straight party vote and must be tallied as a split ticket. Tally a vote for each candidate of the political party for which a straight party vote is indicated except for any candidate of that party opposed by a candidate for whom a vote is individually indicated. Tally a vote for each candidate individually indicated.

**EXAMPLE**

OFFICE OR "FOR" AND AGAINST	Name of Candidates or Propositions	5	10	15	20	25	30	35	40	45	50	55
	BIG PARTY	THL	THL	THL								
	LITTLE PARTY	THL	THL									

6. For valid write-in votes for candidates whose names do not appear on the ballot, the name of the write-in candidate shall be entered on the tally list and the votes shall be tallied in the same manner as votes for a candidate whose name appears on the ballot. (Sec. 65.008)
7. When a member of the counting team must be replaced, correct any existing discrepancies in the tally lists. The officer being replaced certifies to the accuracy of that tally list by signing at that time and indicating the final vote tallied by him/her for each candidate or proposition.
8. On completing the count, each counting officer computes the total number of votes cast for each candidate and for or against each proposition and enters the totals on the tally list. After verifying that all three are in agreement, each counting officer signs that officer's list.

**TEXAS ELECTION CODE**

Art. 3.02(c). In elections where paper ballots are used, the ballots shall be counted by one or more sets of counting officers, each set to consist of one judge or clerk who shall read the ballots, and one or more clerks who shall enter the votes on tally lists prepared for the election. As a safeguard in the accuracy of the tallying, the votes shall be entered on three original tally lists, and during the progress of the counting the lists shall be compared and errors and discrepancies shall be corrected, and at the close of the counting the tally clerks shall certify officially to the correctness of the lists.

**I HEREBY CERTIFY THAT THE WITHIN AND FOREGOING IS A TRUE AND CORRECT TALLY LIST KEPT BY ME FOR THE ABOVE DESCRIBED ELECTION.**

## INSTRUCTIONS

1. There must be kept three original sets of tally sheets. (Sec. 65.004)
2. Each tally sheet must include:  
 name and offices of candidates  
 date of election  
 precinct number  
 type of election  
 name of presiding judge  
 signature of person keeping the tally sheet
3. Periodically, the tally sheets must be compared for any errors or discrepancies, and if they are found, the ballots, must be recounted and the necessary corrections made.
4. In all elections where straight party voting is allowed, it is necessary to list the name of each political party under the column for candidates. A straight party vote is one in which the party box is marked and other individual boxes for candidates for other parties are marked. Count a straight ticket allot by tallying for the political party receiving the vote instead of tallying for each candidate of that political party. (See below)  
 After all ballots are counted and the election judge is making out the returns, he adds the total number of straight party votes to the total for each candidate of that political party. (Sec. 65.007)
5. A ballot on which the party box is marked but individual boxes for other candidates are marked is not considered a straight party vote and must be tallied as a split ticket. Tally a vote for each candidate of the political party for which a straight party vote is indicated except for any candidate of that party opposed by a candidate for whom a vote is individually indicated. Tally a vote for each candidate individually indicated.

### EXAMPLE

OFFICE OR "FOR" AND AGAINST	Name of Candidates or Propositions	5	10	15	20	25	30	35	40	45	50	55
	<b>BIG PARTY</b>	THL	THL	THL								
	<b>LITTLE PARTY</b>	THL	THL									

6. For valid write-in votes for candidates whose names do not appear on the ballot, the name of the write-in candidate shall be entered on the tally list and the votes shall be tallied in the same manner as votes for a candidate whose name appears on the ballot. (Sec. 65.008)
7. When a member of the counting team must be replaced, correct any existing discrepancies in the tally lists. The officer being replaced certifies to the accuracy of that tally list by signing at that time and indicating the final vote tallied by him/her for each candidate or proposition.
8. On completing the count, each counting officer computes the total number of votes cast for each candidate and for or against each proposition and enters the totals on the tally list. After verifying that all three are in agreement, each counting officer signs that officer's list.
