- **Outdoor Welding** shall only be allowed under the following circumstances:
 - (i) welding, cutting and grinding associated with welding activities shall not take place when the wind is over 15 miles per hour;
 - (ii) the welder must notify the Colorado County Sheriff's Department before any welding, cutting or grinding begins; all grass, leaves, brush and other easily combustible materials must be cleared with a twenty (20) foot radius surrounding the area where activity is to take place before any welding, cutting or grinding begins; and,
 - (iii) a spotter with water and a ready pressurized delivery system must be on hand before any welding, cutting or grinding begins and remain on hand until the activity is completed.
