This fee structure reflects legislation passed during the Regular 2021 Legislative session. Please note that we are closed on December 31, 2021, so when we return to work and check e-filing on Monday, January 3, 2022, new fees will apply. If possible, you may want to consider filing cases for this year by Dec. 30. I apologize that these fees are increasing somewhat dramatically, fees are set by the Legislature.

Note: E-file Texas will not allow us to automatically add any citations, postings, etc. The filer must "add on" citations, proposed order, posting, etc themselves.
