Disclaimer

The flood hazard insurance rate, maps and other flood data used by the County Building Official in evaluating flood hazards to proposed developments are considered reasonable and accurate for regulatory purposes and are based on the best available scientific and engineering data. On rare occasion's greater floods can and will occur, flood heights may be increased by man-made or natural causes. This statement does not imply that developments outside the identified area of special flood hazard will be free from flooding or flood damage. Issuance of this statement shall not create liability on the part of Colorado County, the County Building Official or any officer or employee of Colorado County in the event flooding of flood damage does occur.

It is the property owner's responsibility to have 911 sign posted visible at entrance.

No construction can begin without a development permit; a septic permit is required for all septic installation or repairs.

If you are required to have a private road sign, owner is responsible for maintaining the sign at all times.

Signature below acknowledges the information provided is correct, owner is aware of the flood hazards and other responsibilities.
