

IN THE COMMISSIONERS COURT OF  
Colorado County  
State of Texas

Tax Abatement Guidelines and Criteria

The purpose of this document is to reauthorize, clarify or re-establish previously adopted guidelines and criteria for purposes of adopting a uniform policy of tax abatement, and to establish a competitive economic environment to attract commercial investment to Colorado County. The use of tax abatement as a tool to encourage a competitive commercial policy will server to foster a long-term positive environment for economic development within Colorado County.

In order to be eligible for the designation of a reinvestment zone and receive tax abatement for improvements within that reinvestment zone, the planned improvement:

1. Must be reasonably expected to have an increase in positive net economic benefit to Colorado County of at least Ten Million Dollars (\$10,000,000.00) over the life of the abatement, computed to include (but not limited to) new sustaining payroll and /or capital improvement. By “net” economic benefit, it is intended to reflect the benefit realized on the Colorado County ad valorem tax base less any costs incurred by Colorado County to facilitate the applicant’s proposed improvement, such as road infrastructure, use of right-of-way, or other similar costs. The creation of new jobs will also factor into the decision to grant an abatement. jobs (The application should identify the number and type of temporary and new jobs, along with temporary and permanent annual payrolls, as well as average annual salary for each category of employee); and
2. Must not be expected to solely or primarily have the effect of merely transferring employment from one area of Colorado County to another.

In addition to the criteria set forth above, the Colorado County Commissioners Court reserves the right to negotiate a tax abatement agreement in order to compete favorably with other communities for the Applicant’s improvements.

Only projects that increase the fair market value of the property directly resultant from the development, redevelopment, and improvement specified in the contract will be eligible for abatement and then only to the extent that such increase exceeds any reduction in the fair market value of the other property of the Applicant located within the Affected Jurisdiction creating the reinvestment zone.

All abatement contracts will be for a term no longer than allowed by law.

It is the goal of Colorado County to utilize tax abatements on terms and conditions beneficial to the economic interests of the residents of Colorado County, to attract capital investment in Colorado County' and to serve the beneficial interests of other Affected Jurisdictions having taxing authority within the proposed reinvestment zone. However, nothing herein shall limit the discretion of the Colorado County Commissioners Court to consider, adopt, modify or decline any tax abatement request.

These policies and guidelines become effective on the date subscribed below, and shall at all times be kept current with regard to the needs of Colorado County and reflective of the official views of the County Commissioners Court of Colorado County. Therefore, in accordance with state law, and to facilitate this section, the Commissioners Court shall review and reauthorize, modify or amend these policies and guidelines every two years.

The adoption of these guidelines and criteria by the Colorado County Commissioners Court does not:

1. Limit the discretion of the Colorado County Commissioners Court body to decide whether or not to enter into a specific tax abatement agreement;
2. Limit the discretion of the Colorado County Commissioners Court to delegate to its employees the authority to determine whether or not the Colorado County Commissioners Court should consider a particular application or request for tax abatement;
3. The mere filing of an application in conformity with these criteria and guidelines does not vest or create any property interest, contract, or other legal right in any person filing such an application to have the Colorado County Commissioners Court grant any such application or request for tax abatement. The Colorado County Commissioners Court expressly reserves all rights vested by law to consider, approve, or decline such application for any reason within the sole discretion of the Commissioners Court.
